

WORCESTER, June 20, 1808.

SIR,

THE undersigned are appointed a Committee to respond with their Republican Brethren in the County on the business of the celebration of the ensuing Fourth of July. They need not suggest to you the propriety and importance of commemorating on this Anniversary the principles and events of our glorious revolution. Federalists throughout the County are making great preparations for its ostensible observance ;—and shall Republicans be remiss in the sincere expression of their feelings ? You will please to communicate with your Friends, on the subject, and by a Letter directed to the Chairman of this Committee, acquaint us with the probable number who from your town may be induced to attend at *Worcester*. The arrangements of the day will be found in the papers of this week.

We are, Sir, with high personal friendship and respect,

Your obedient servants,

EDWARD BANGS,

LEVI LINCOLN, Jun.

WILLIAM EATON,

ENOCH FLAGG,

ABRAHAM LINCOLN.

Capl Lazens LeBaron.
