THE UNITED STATES.

(FROM OUR AMERICAN CORRESPONDENT.) I have already transmitted the figures showing the aggregate imports and exports of the United one being a band of 40 Indian scouts from Oregon, laying down telegraph cables, arrived at Bermuda States in 1872, the trade of that year being much who had just come into the camp. These scout on the 29th of May. The report made is to the larger in volume than that of any previous year. ing parties were out all night, and General Davis's effect that the soundings taken tend to show that the Of the imports (\$677,144,579) the heaviest articles camp was moved to Applegate's house on the border configuration of the bed of the Atlantic will easily were the following:—Sugar and molasses and their of Clear Lake, so as to be nearer their present scene admit of the laying of a cable from Bermuda manufactures, over \$90,000,000 worth; wool and Warm Spring Indians who were with Colonel Perry's The greatest depth is less than 3,000 fathoms, while woollens, nearly 82 millions; iron and steel and command in one of the scouting parties struck the the average is 2,500 fathoms. There is a gradual their manufactures, nearly 62 millions; coffee, 43 Modoc trail, and after a brief search their hiding rise of the sea bottom as the land is approached in millions; cotton goods, 36 millions; silk goods, place was discovered. In a few minutes they were either direction. 35½ millions. These six classes of articles make up surrounded, and soon a Modoc appeared bearing a There has been an epidemic of fires in the United more than one-half of the total importation. Of white rag as a signal for a truce. A Warm Spring hides and leather from abroad the United States Indian met him, and he said that Captain Jack being of a serious character, with heavy loss. From took 28 millions; tea, 24½ millions; flax and linens, desired to surrender. Then scouts were sent out to about a score I have selected the following. On the the following. On the the following. On the following the following the first product of the following the following. On the following the following the following the first product of the first product of the following the first product of the first p micals, 11 millions; fruits, 10½ millions; tin, 17 cautiously glanced around, and then came forward | Woollen Mills were burnt. This was a very large millions; woods and furniture, 11 millions; wines, and held out his hand to the scouts. Two warriors, factory, giving employment to many operatives, and

dollar for use in China and the East, and on June 2 they brought in the ciner captive. An anomalous the Director of the Mint at Washington, Dr. prisoners were grouped in a field near Applegate's shore of the Ohio river. At Toledo, Ohio, on the house, under a strong guard, Captain Jack being night of the 6th of June, a fire burnt \$200,000, burncoinage is to be made. It has on the obverse a the leading curiosity among them. He was sullen, ing a number of buildings in the centre of the busifemale figure, seated on a bale of cotton, and speaking to no one, and although curious spectators extending the right hand, which grasps an olive peered into his face with eager interest he heeded broke out in the steamer Meteor, lying at the wharf branch, towards the open sea. In her left hand is them not. He was immovable, and having literally loading, and the boat, cargo, and a large amount a scroll bearing the word "Liberty," and at the been hunted down, he was ready to take the of goods on the wharf were burnt, the loss being oase of the device is the motto "In God we trust." | consequences.

There is also on the obverse the date of the coinage | Captain Jack and Schonchin, who are regarded rishing town on the Hudson River, on the night of and a halo of 13 stars. On the reverse is the figure of an eagle, with the inscription "United States of America," and the motto "E Pluribus Unum."

The weight and fineness, and the words "Trade protested, and was soon silenced. The Warm
General Schenek the American Minister has Dollar" are also inscribed on this side. The coins Spring Indians, who have had much to do in General Schenck, the American Minister, has will be ready for circulation by the middle of July, securing the final success of this campaign, when it and already there is a requisition for over a million was over had a glorious dance in honour of the State, relative to the increased tolls on Cable teleof them for shipment to China and Japan, the victory, keeping up the most frantic demonstrations grams sent to places south and west of New York money to pay for them thaving been deposited in of delight until after midnight last Sunday night. the Sub-Treasury at New York.
