Congrels of the United States.
HOUSE'S REPRESENTATIFES.
Mondry, December 39.
There was read a letter from the feculary of the treasury, which localed another from the congretorie of the remove with a fixe of reclyse and espendibility of the December of the congretories of the remove with a fixe of reclyse and espendibility of the December of the Congretories of the remove with a fixed property of the removal was then preceded by Mr. Hartley, from Thomas Liegis' and Co. and others, to becomilit and distant of Fhildred-high. The full thate of their menorial was that they tesmed with openers the 'integral continuation of excile duffus to the 'type 1801. They declared that it like Legislature would frecity the proposition of the authorial det which falls the highest of the large of the falls of the would give group for courty for deliberge. would give proper fecurity for discharge it by realonable instalments. The memory high was read and referred to that committee of the whole House who are to take into con-inderation the plan for the reduction has the

Mr. Giles then presented a fet of resolutions Mr. Giles then presented a tet of resolution from the committee appelated to report o the organizing; arming, and disciplining th milita. The resolutions were twice read, as militis. The refolutions were twice read, and referred to a conjuittee of the whole Houle

to-morrow. to-moriow.

There was next read a memorial from the freetery at War, as to the progress which had been made in building of the frigates.

This communication was made in configuence bad been made in winning.
This communication was rande in confequence of the mellage on that fullect from the Predent. The kir figates we now building at the different ports of the Union. One of Humpfire, and the other of the fame fixes at Bairling one more. The four forty fours we building one more. The four forty fours we building one more. The four forty fours we building one more. The four forty four see building one as Indiano, one at New York, one at Philadelphits, and one at New York, one at Philadelphits, and one at New York one are to carry each of them thirty face have consider, and the thirty face have except eight two-york you pounder. The reft of the gues me twelves. The two of the gues me twelves the winds and feating of the word, that the writing night not fall behind the belt of these built can the carried to the continuous powers of or the foreign on the control of the seed of t

of those built for the maritime powers of Europe.

Mr. Sedgwick then moved for taking up the followent bill, in a committee of the whole. This was done, Mr. Cobb in the chite. The lull was read. The Committee

count. The unit was read. The Committee works, and the Chairman reported it without amendment. It was then moved that it flightly be read a third time in the House? Mr. Tixtimono objected to this method of going from one business to another. (See the Fourth Page )
